

NEW FOR THIS YEAR

As part of this year's event, we've updated the process for accessing the infield.

Instead of receiving an infield wristband in advance, guests will now receive a digital Infield Experience voucher in their account.

Upon arrival, simply present your digital voucher at the designated redemption location to receive your infield wristband. Each voucher is valid for one (1) infield wristband, and a valid wristband is required to access the infield.

Wristbands must remain securely fastened for the duration of the event.

Wristbands that are removed, cut, tampered with, or transferred will be considered invalid.

Please be sure to have your digital voucher readily available when you arrive to help make the redemption process as quick and easy as possible.
